Your Journey to Financial Success

1

Start Small, Dream Big

Begin your Ibex 5 journey with just \$500 for the first 4 weeks. This low entry point allows you to test the waters without risking a significant portion of your savings.

2

Witness Rapid Growth

As your account balance grows, so does your potential for monthly profits. Experience the thrill of watching your investment multiply through the power of compounding.

3

Minimal Commitment, Maximum Flexibility

After the initial 4-week period, maintain a minimum balance of only \$1000. Enjoy the freedom to withdraw funds at any time, putting you in control of your financial destiny.

4

Scale Your Success

As your confidence grows, consider increasing your investment to maximize returns. With Ibex 5's proven track record, the sky's the limit for your financial future.

Flexible Fee Structure Tailored to You

Low Monthly Management

Fees

Pay just 5% of your account trading balance on the first day of each month.

This straightforward approach allows you to budget easily and enjoy predictable costs as your account grows.

Performance-Based Fees

Pay a performance-based fees of 50% net trading gains in your account at the end of the calendar year. This aligns our success with yours, ensuring we're motivated to maximize your returns. Only pay when you profit, making this an attractive choice for risk-averse investors.

Liquidity and Control

You maintain complete control over your funds. Withdraw at any time without penalties, giving you the flexibility to adapt to changing financial needs or market conditions.

RISK

Advanced Risk Management for Peace of Mind

1

Dynamic Position Sizing

Ibex 5 continuously adjusts trade sizes based on real-time market conditions, optimizing risk-reward ratios for each transaction.

2

Multi-Layered Risk Analysis

Our system employs sophisticated algorithms to identify subtle risk factors, protecting your investment from unforeseen market volatility.

3

Proven Resilience

Ibex 5 has demonstrated its ability to weather challenging market conditions, maintaining stability even during times of economic uncertainty.

4

Continuous Optimization

Our AI continuously refines its approach, adapting to evolving market dynamics to ensure optimal performance across various scenarios.

The Power of Compounding Revealed at Standard Risk Option: Your Net Trading Gains

Month	Starting Balance	Ending Balance	Monthly Growth
1	\$500	\$527.15	5.43%
2	\$1,027.15	\$1,084.58	5.59%
6	\$2,089.76	\$2,205.70	5.55%
12	\$5,407.45	\$2,703.73*	-50.00%*

*After 50% performance fee. Witness the incredible growth potential of your investment with Ibex 5. Starting with just \$500, your account could potentially grow to over \$5,400 in just 12 months before fees. Even after accounting for our performance-based fee structure, you're still looking at a remarkable 170.37% return on your initial investment. This is the power of quantum-inspired AI trading at work!

Tailored Risk Management for Peace of Mind

Exclusive Offer for New Investors

Low Entry Point

Start your journey with just \$500 for the first 4 weeks. This unprecedented low barrier to entry allows you to experience the power of Ibex 5 without a significant upfront commitment.

This limited-time offer is your gateway to the world of quantum-powered trading. Don't miss out on this opportunity to transform your financial future with a minimal initial investment. Act now to secure your spot in this revolutionary trading system!

Minimal Commitment

After the initial 4-week period, maintain a minimum balance of only \$1000. This flexible structure allows you to scale your investment as you witness the system's performance firsthand.

Liquidity

Enjoy the freedom to withdraw funds at any time. Unlike traditional investment vehicles, Ibex 5 offers unparalleled liquidity, ensuring you're always in control of your finances.

Flexible Fee Structure to Suit Your

Goals

Management and Performance Fees	Fee Structure	
Management Fee	5% of account trading balance on the first day of each month	Predictable costs taken from trading gains
Performance-Based Fee	50% revenue share of net trading gains	Performance based fees taken at end of trading cycle

At Ibex 5, we believe in aligning our success with yours. That's why we offer a flexible fee structures designed to cater to different investment styles and goals. The fixed management fee provides predictability and consistent costs that are taken from the trading gains. The performance-based structure allows you to pay only when the system generates profits, creating a true partnership between you and Ibex 5.

You can rest assured that our interests are aligned with yours – we succeed when you succeed. This transparent and fair approach to fees sets Ibex 5 apart from traditional investment managers and demonstrates our commitment to your financial growth.

Standard vs. Aggressive Risk Options: Choose Your Path

Standard Risk Option

Start with \$500 and add another \$500 in the second month. Experience a projected 10% monthly return, compounded daily. After fees, enjoy a potential 170.37% annualized ROI, turning your \$1000 investment into \$2,703.73 in just 12 months.

Ibex 5 offers you the flexibility to choose your risk level and potential reward. Whether you prefer a more conservative approach or are willing to embrace higher risk for potentially greater returns, we have an option tailored to your investment style. Remember, with great potential comes increased risk – choose wisely based on your financial goals and risk tolerance.

Aggressive Risk Option

Leverage your investment 2x for amplified returns. With the same initial investment, potentially achieve a staggering 563.08% annualized ROI. This option could transform your \$1000 into \$6,630.79 in a year, showcasing the power of leveraged quantum trading.
